CALL FOR APPLICATIONS

Young Water Solutions invites all young social entrepreneurs aged 18 to 30 years old, to apply to the Young Water Fellowship (YWF) 2018 edition. This program offers training, mentorship and seed-funding for young leaders from low and middle-income countries with innovative ideas on how to solve local water, sanitation or other water management issues in their communities.

The YWF 2018 edition will focus on social entrepreneurship. In partnership with cewas, Young Water Solutions will give 10 young entrepreneurs (“Fellows”) the opportunity to participate in Cewas’ Start-up Training Programme. Fellows will also be assigned mentors, get the chance to exponentially increase their supporting networks in the water and entrepreneurship sectors, and apply for seed-funding for the first steps of implementation of their social enterprises.

To apply, candidates must fill in an online form and record a 2-minute video about their initiative. The Terms of Reference and more information about eligibility criteria and how to apply can be found on the website: www.youngwaterfellowship.org

For inquiries, please contact: ywfellowship@youngwatersolutions.org

Training + Mentorship + Seed Funding
