

LAUNCH OF THE

UN-WATER

SDG 6

Data Portal

The SDG 6 Data Portal is the flagship product of UN-Water's Integrated Monitoring Initiative for SDG 6. The portal brings together data on all the SDG 6 global indicators and other key social, economic and environmental parameters, and tracks overall progress towards SDG 6 at global, regional and national levels.

www.sdg6data.org

The objectives of the portal are to:

- Track overall progress towards SDG 6 at global, regional and national levels.
- Enable assessment and analysis of the state of water resources and linkages to other sectors.
- Raise awareness of water and sanitation issues to help catalyse action.
- Encourage and improve SDG 6 monitoring and reporting at all levels.
- Be an entry point to the wealth of water and sanitation information available within the UN system.

Official launch during the session Looking forward to Phase 2 of SDG 6

Tuesday 27 August | 11.00-12.30 | Room: M5

Interactive stand-up session with demonstration, to celebrate the launch of the SDG 6 Data Portal

Tuesday 27 August | 17.30-18.30 | UN-Water pavilion, booth B04

Interactive SDG 6 DataLab - lunch sessions

Sunday 25 August to Thursday 29 August | 12.30-14.00 | UN-Water pavilion, booth B04

During the 2019 World Water Week DataLab sessions will be hosted in the UN-Water Pavilion, where you can learn more about the SDG 6 Data Portal and how to use it, ask questions and discuss data availability and progress towards SDG 6.
